NOTE: Make sure “Shrink oversized pages to paper size” (on the right side of the Adobe Acrobat Reader print dialogue screen) is unchecked.
2. Print page 2 on the other side of the sheet.
3. Cut off this bottom 2” of the sheet.
4. Fold the sheet in half. The resulting folder should be 9” tall x 4.25” wide.

After printing both sides, cut off just above this line, then fold in half the long way.
